The law is one of the most drastic ever passed by a State Legislature. No beverage except cider can be sold that shows a trace of alcohol, and possession of more than one gallon of whiskey, one gallon of wine, or three gallons of beer would be regarded as prima facie evidence of intent to violate the law. This provision probably will receive an early test in court, as vast quantities of liquor test in court, as vast quantities of liquor

have been stored in private homes.

Along with the prohibition measure and to insure its enforcement the Legislature passed a bill which provides that IN THE DISCLAIMER
OUSter proceedings may be brought against State or municipal authorities who show a laxity in putting it, or any other measure, into effect. In addition a commissioner was provided to see that the law was observed.
